

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (original): A fastener device (1) for fastening a fluid dispenser member (2) on a reservoir neck (3) having an inner wall (31) and a top end-wall (32), said fastener device including receiver means (10) adapted to receive a dispenser member (2) in secure manner, and fastener means (14, 15) capable of becoming engaged with the reservoir neck (3), the fastener means including an adhesive-coated application zone (14) capable of coming into contact with the reservoir neck (3), said device being characterized in that the adhesive-coated application zone (14) is designed to come into contact with the top end-wall (32) of the neck (3).

2. (original): A device according to claim 1, including an annular flange (13) having a bottom face defining the application zone (14).

3. (currently amended): A device according to ~~any preceding claim~~ claim 1, including an inner sleeve (19) designed to come into leaktight engagement with the inner wall (31) of the neck (3).

4. (currently amended): A device according to ~~any preceding claim~~ claim 1, including an outer skirt (17) designed to extend around an outer wall (33, 332) of the neck (3).

5. (original): A device according to claim 4, in which the outer skirt (17) includes hook means (18) capable of co-operating with the outer wall (33,332) of the neck (3).

Preliminary Amendment

National Stage Entry of PCT/FR 03/02924

Attorney Docket No.: Q86737

6. (currently amended): A device according to claim 4 ~~or claim 5~~, in which the outer skirt (17) is provided with a covering band (167).

7. (currently amended): A device according to ~~claims 3 and 4~~ claim 3, in which the inner sleeve (19) and the outer skirt (17) together form an annular groove having a bottom that is formed by the bottom face of the annular flange (13) which connects the sleeve to the skirt.

8. (currently amended): A device according to ~~any preceding claim~~ claim 1, in which the adhesive is a cold adhesive.

9. (currently amended): A fluid dispenser comprising a dispenser member (2), a reservoir (3), and a fastener device (1) according to ~~any preceding claim~~ claim 1.

10. (original): A dispenser according to claim 9, in which the dispenser member is a pump, the reservoir is made of glass or of plastics material, and the fastener device is made of plastics material.
